adding that special touch to my brother and future sister in
law's engagement party."*

CUSTOMISED PYROTECHNIC ARTISTRY

Would you like to add a personalised touch to your special day? Light up the night with your names or enclose your initials within a love heart. Proclaim your love under the stars with a simple 'I♥you' or team your personalised signage with a breathtaking display.

CUSTOMISED FOUNTAINS

Are you after a little sparkle at your wedding? Glimmering gold and/or silver fountains are perfect for unique bridal arrivals and departures. Celebrate your first dance as husband and wife surrounded by bursting fountains or create the perfect backdrop for cutting the wedding cake. Fountains are the ideal addition to smaller weddings or ceremonies and venues with sound restrictions.

CUSTOMISED DISPLAYS

Awe your guests with an outdoor fireworks spectacular and fill the sky with explosions of colour and sound. Our displays can be choreographed to your favourite song and vary in duration and intensity.
